### The Child of History

With these words, President Johson described Sir Winston Churchhill. In an hour of supreme crises one man stood alone ready to confront this crisis. Winston Churchill was the spirit and determination of the British during their darkest hour. Churchill has denied the fact that he was the inspiration of the British, claiming that their will was resolute and he was merely their voice. This statement was typical of Churchill for he never emphasized his role in life

Churchill was a fighter of all forms of tyranny. He described Hitler as a "blood-thirsty guttersnipe" and Mussolini as a "whip-ped Jackal." It was Churchill who coined the phrase "iron curtain" and it was Churchill, the lover of Democracy, who emphasized the importance of a single man's vote.

Winston Churchill was many things during his lifetime. He was a reporter, a writer, a painter, a politician, and a world leader. His books and writings have served the world as well as has his leadership. He served England under six monarchs, and he received honors rarely given a Prime Minister.

His famous "victory" sign will be seen no more, but his words will live in the hearts of free men forever. Englishmen everywhere and for all time will remember that Winston Churchill did indeed lead them through their finest hour.

Cheating: A National Scandal

It has recently been disclosed that the students at the Air Force Academy have been cheating. This is a disgrace to our government, our colleges, but most of all to our youth. A recent national survey states that 55% of all students at college across the nation cheat. Furthermore, only 16% of all students would turn in someone they knew was cheating if that person were a friend. Still furthermore only 2% would report a friend who asked for help on an exam.

What has become of our American ideals? Our moral standards? What has become of the American that sponsored and fostered the ideals of personal freedoms, of equal rights, of pride? What kind of pride can we have when we cheat ourselves of an education; our parents, of educated, upright children who can assume a responsibi-lity in tomorrow's world; our nation, of loyal, honest citizens who can lead our great country to further greatness?

Let's take a look at ourselves. We've all cheated at one time in our lives or another. Here we are, at most 18 years old, and yet then he brings me perfume and don. Should 1 Be Her Valentine?

What a question! I know I should say 'yes' 'cause I know I'd break her heart if I didn't, but that's like putting the noose around your own neck.

She is very sweet to me. I mean, she always asks me for my opinion before she tells me how to run my life. And then there are all those little things that show that she cares: She's always baking me cookies, cakes, and brownies) and thanks to my dog, my strong stomach, and Alka-Seltzer I'm still alive); she took the time to teach me how to dance, but we didn't get too far because every time I started to dance, she'd get to laughing so hard that she couldn't stand up. (She just laid on the floor and laughed); and then every time we go to the movies, she lets me hold her warm, clammy hand, One thing I like is that I know she thinks of me often, 'cause every time she goes anywhere in a car, she always rides in front of my house and honks (and usually while my father is taking a nap). Of course, I show her how nice I am by what I do. I take her out

a lot and spend lots of money on her. And every time my mother gets any free sample perfume, I always give it to her. Then one time I splurged and bought her a book for her birthday.

Well, I guess I do like her a lot, and I think she knows it by the way I had the seat belts of my car specially placed so that she has to sit right beside me (yes sir, no more door polishing would like to be her valentine around Landon. Gail Wilson has . I guess.

Coker they scored 27 points points with one complete quarter left to reach 100.

Even with some dry spots in the fourth quarter the Lions got their 100, with 2 to spare. The fourth quarter was just like the rest, with Landon dominating ball on every phase of the game. Their quick, alert play on defense stole many Lake City passes and they ran Lake City the rest of the way home, saving them the ride home in cars. The final score was 102-49.

Led by the sparkling play of Patten with 25 and Coker with 24, every player on the team gave his best efforts. Proof of this statement lies in the fact that Coach Roey changed his entire lineup

### **Lions Extinguish** Dragons

Landon was a bit slow to get started, but she came back to defeat duPont by ten points in an affair at the Landon gym on Saturday night, January 30.

No one could seem to hit in the first quarter as the ball continually changed hands without a score, but Landon managed to come out on top of a 10-6 score at its end.

In the beginning of the second period it was a different story, however, as the Lions amassed a ten-point lead. But then the Dragons began to work and kept on knocking points off the lead until it was 23-20 at the half.

A ravitalized Landon guint came out fo the locker room and proceeded to run duPont off the floor in the third quarter as a deliberate shuffle offense perplexed the Dragons. The Lions outscored duPont 11-3 to give the Lions an eleven-point lead.

duPont couldn't overcome this commanding lead in the fourth quarter and gave the Lions almost no trouble. In winning this game 44-33 Landon extended its winning streak to four and made it overall record 12-5. McEvoy led the victorious Lions with 14, O'Neal and Coker were the next highest for Landon with eight each.

February 11, 1965

Hi, dear hearts!

Today is Valentine's and here I am to wish you very happy Velentine's greetings. Today, as you know, is the day when lovers and sweethearts show that they care. Of course, they mean it most all the time; but, today is the day for especially saying that you care. Although you always have that special feeling often times you forget to express it. Many couples swap cards and the male half (if his pocket can afford it !!) will give his gal a red, heart shaped, pretty, bowed box of candy. This really pleases the gals, you guys! (hint! hint!)

Do you know what love is? Do you know what snow is? Well, if you have any idea of their meanings you're better off than most folks, honestly.

If you're snowed, you think you like someone; but, sooner or later you find it was only infatuationeven though for a time you just knew it was TRUE love! Do you think of the things your beau has, rather than what he is? The honors, popularity, brains, money, looks,-do these come first into your head? Do you think of yourself all the time when you're with him? Do you always insist on your own way? If your answers are "yes" to these questions, folks,

Leo!!

When you're with him/her are you patient, kind, not jealous or boastful? Does your love hear all things, believe all things, hope all things, endure all things? Is it unending? Forgiving? If you answer "yes" to THESE questions you've found a mate. For this is the real definition of love from the real "BOOK OF LOVE"

Look around you! Look at someone today and smile-be a valentine. Even if you don't have a lover you can love! It's kinda hard to do, but it's the bestest feeling you can have OR give!
